

Peer Feedback Form

This form can be used for times when one or more students provides feedback for a classmate on a piece they have written.

Educators should provide guidance for students on how to use the form by providing examples of what constructive feedback they might write for each section, especially when a culture of providing peer feedback is still being established in the class. Completed forms can be given to the student writer to be used in making any revisions to their writing.

Peer Feedback Form

Writer's name: _____

Reviewer's name: _____

FOR THE REVIEWER:

One thing I liked about this story was: _____

_____ because _____

One question I have for the writer is: _____
