

LIFTER Coloring Sheets

Give your day a “lift” with our coloring sheets! The sheets provide an opportunity to pair a fun coloring activity with a bit of letter transcription practice—all while getting into the fall spirit!

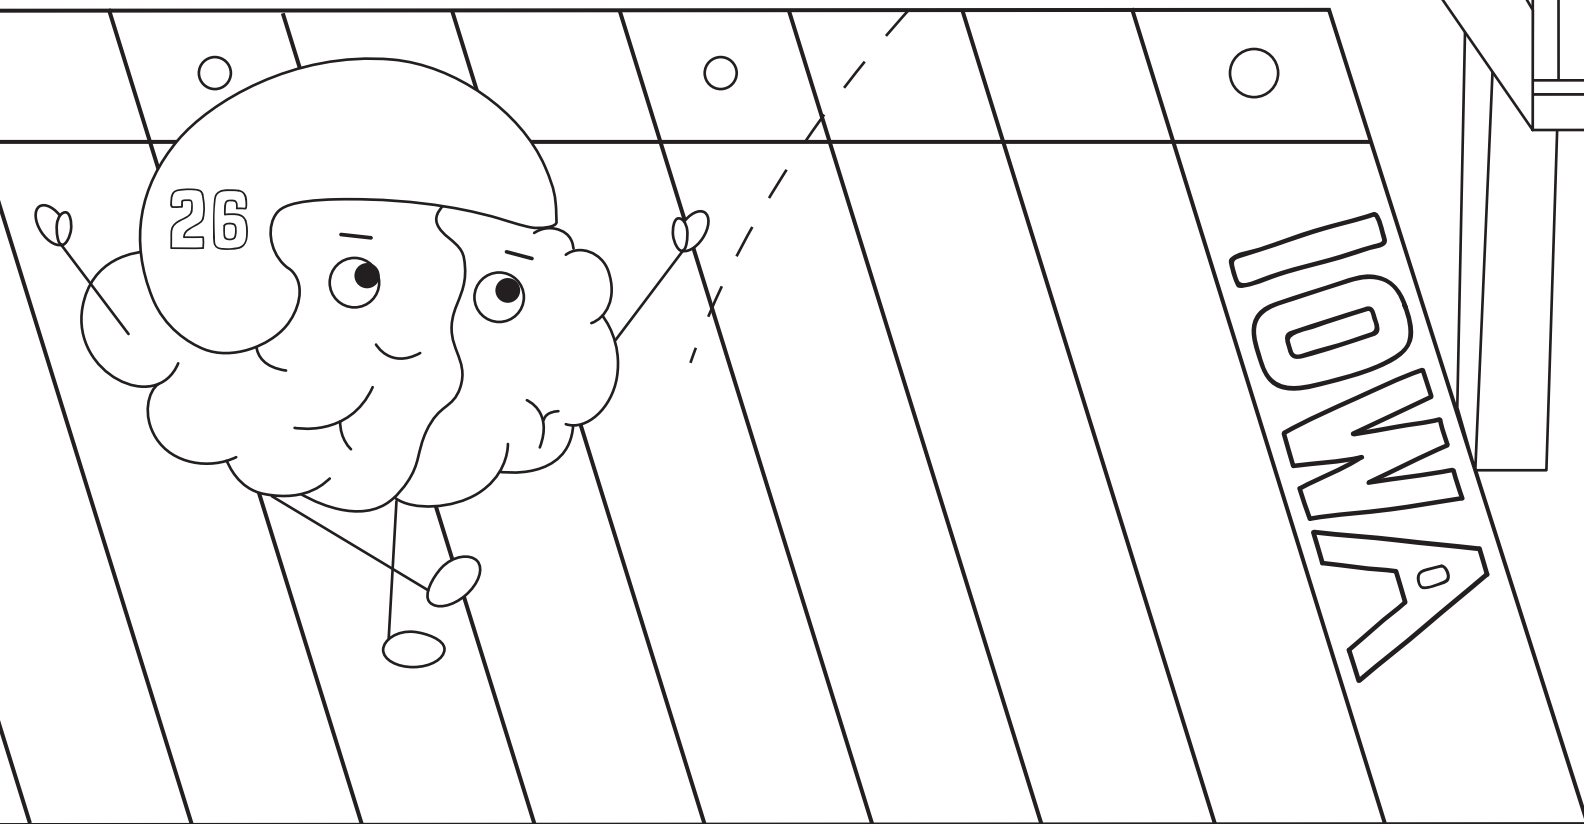

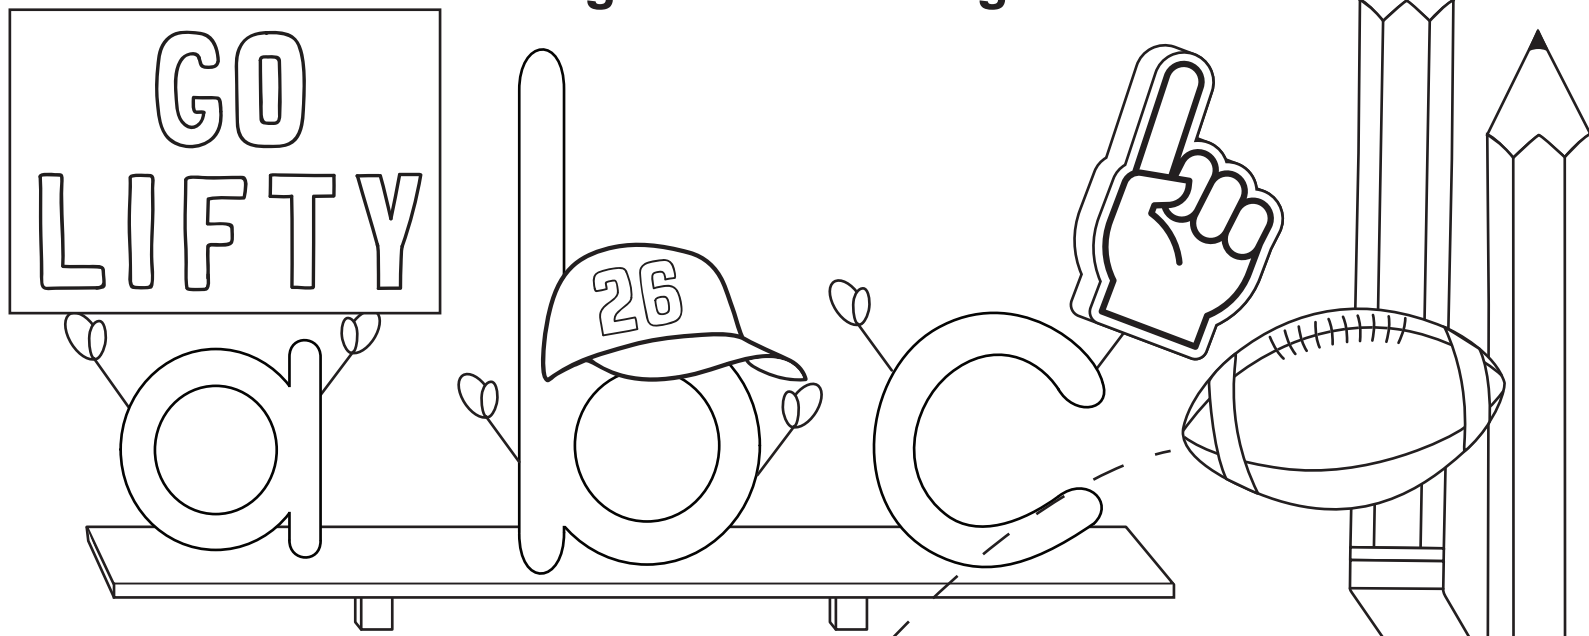

For more handwriting resources, check out [Literacy LIFTER](#), a free tool designed to empower educators and caregivers in supporting students’ handwriting and early reading skills. It provides users with customizable, evidence-based materials to teach handwriting and letter knowledge to pre-kindergarten and elementary-aged students.
